"My experience with the CYES [program] was a wonderful experience. I learned a lot and had a lot of fun. Both of my managers were tremendous people that worked extremely hard to maintain stability within our Suisun City site. I'm thankful that I had the opportunity to work with all of my co-workers within the CYES [program].... It was a great experience that taught me a lot."

-Tremaine Trent, Energy Specialist- Suisun City, 2015

"I love the program! I love what this company is trying to do. I will come back as many years as I can. I feel this program has helped me improve on so many levels. The amount of support we all got from the managers and LIFT and each other was incredible. We all worked well and we had fun while doing it. I love the CYES program."
