CLIMATE CAREERS: SUMMER PROGRAM MANAGER

Organization and Program:

Rising Sun Center for Opportunity is a premier nonprofit organization working at the intersection of economic equity and climate resilience in the greater California Bay Area since 1994.

Our Climate Careers program offers a no-cost service, the Green House Call, to local residences. Green House Calls consist of an energy and water audit and installations of energy- and water-saving devices. Climate Careers employs youth Energy Specialists, ages 15-22 from low-income households and/or disadvantaged circumstances, to perform these audits and installations. Our innovative mission combines residential energy efficiency services with youth employment, development, and pathways to success.

Job Summary:

The Summer Program Manager (SPM) position implements the Climate Careers program in a specific county, or set of counties, in the greater Bay Area while also supporting the overall goals of the Climate Careers program. The SPM will work with a co-manager and is jointly responsible for site office administration, youth management, client identification and scheduling, and oversight of service delivery to residential clients.

This position calls for someone who thrives in a fast-paced environment and who can balance multiple priorities. A successful candidate will equally enjoy administrative tasks, community engagement, and direct supervision and development of youth. The SPM reports directly to the Regional Manager and collaborates with the Outreach and Marketing Manager.
